2019 SPYDERCO REVEAL: VOLUME THREE
Welcome to the third and final Spyderco "Reveal" of 2019! Reveals are supplements to our annual Product Guide that help us better coordinate the announcement of our new products with their actual delivery into the marketplace. In printed form, Reveals are designed to be kept together with our annual catalog to give you a handy bookshelf reference of the entire Spyderco product line. Digitally, they complement our social media announcements, product videos, the Spyderco byte™ e-newsletter, and the Reveal page of our website (Spyderco.com/reveal) to bring you the most up-to-date information on our newest products.

This Reveal features a number of groundbreaking new offerings, including a new Salt™ Series collaboration with Lance Clinton, our first lightweight Value Folder, two new Sprint Run™ models, innovative new kitchen knives, and a fresh selection of Spyderco apparel.

We truly appreciate your continued interest in Spyderco and hope you are as excited about our newest products as we are!

Gratefully,
The Spyderco Crew
Professional kayak fisherman Lance Clinton spends much of his life using knives in and around the water. That hard-earned experience inspired him to design the Siren—a full-service folding knife optimized for the needs of fishermen and watersports enthusiasts. Its full-flat-ground blade is crafted from ultra-corrosion-resistant LC200N steel and supported by a stout back lock mechanism. To ensure a secure, non-slip grip in wet conditions, the blade is paired with a coarse-textured G-10 handle with a substantial integral guard. Both G-10 scales include a stylish blue accent layer and house a reversible deep-pocket wire clip that balances secure carry with quick access.
The award-winning Para 3 Lightweight is rapidly redefining the state of the art in ultralight cutting tools. For tactical end users who prefer subdued blade finishes, this revolutionary design is now also available with a stealthy black Diamond-Like Carbon (DLC) coating. Its PlainEdge™ blade is full-flat ground from CTS® BD1N stainless steel and supported by a streamlined version of Spyderco’s patented Compression Lock™. To complement the blade’s finish, the screws and reversible deep-pocket carry clip on its injection-molded, fiberglass-reinforced-nylon (FRN) handle also sport a non-reflective black coating.
An unparalleled combination of affordability and performance, the Tenacious is the go-to choice of countless savvy knife users. This all-new lightweight version raises the bar even further with injection-molded fiberglass-reinforced-nylon (FRN) handle scales that reduce the knife's overall weight by almost 10 percent and offer the enhanced grip traction of Spyderco's signature Bi-Directional Texture™ pattern. All other features are consistent with the original model, including a full-flat-ground 8Cr13MoV stainless steel blade, full skeletonized stainless steel liners, a four-position pocket clip, a sturdy LinerLock, and a choice of PlainEdge™, CombinationEdge™, or SpyderEdge™ blade configurations.
Spyderco’s first Sprint Run™ expression of the popular Shaman combines an elite CPM® CRU-WEAR® blade with distinctively old-school brown canvas Micarta® handle scales. Renowned for its ability to take and hold an outstanding edge, CRU-WEAR is an air-hardening tool steel specially formulated for superior wear resistance and toughness. This knife’s full-flat-ground PlainEdge™ blade takes full advantage of those qualities and proudly includes a fully accessible Trademark Round Hole™ for swift, ambidextrous, one-handed opening.

To complement the blade’s satin finish, the stainless steel backspacer, four-position pocket clip, and handle hardware all feature brushed or tumbled finishes.

The highly refined Stretch 2 is the product of decades of evolution and refinement. To celebrate its proud history, this limited-edition Sprint Run expresses it with an ivory-colored fiberglass-reinforced-nylon (FRN) handle and a distinctive straight-spined blade. The first time ever featured on a Stretch 2, this iconic blade profile is crafted from VG-10 stainless steel and showcases a full-flat grind and a beautiful satin finish for exceptional cutting performance. A remarkably unique version of one of Spyderco’s true classics, this knife is certain to become an instant collector’s item.
Counter Puppies are an exciting new concept in kitchen cutlery. Their injection-molded high-impact plastic handles are shaped like the stylized body and legs of a puppy. This novel design allows them to stand upright on a counter or tabletop, keeping them clean and handy while creating a truly distinctive table setting presentation. Counter Puppy™ blades are crafted from corrosion-resistant 7Cr17 stainless steel and full-flat ground for outstanding edge geometry. They are available with a choice of a blue or purple handle and either a PlainEdge™ or fully serrated SpyderEdge™ cutting edge. Man’s best friend just got even better.

SPYDERCO UNISEX T-SHIRTS

Show your Spyderco pride in style with these all-new logoed unisex T-shirt designs! These high-quality unisex shirts are made with 65% polyester/35% ring-spun USA cotton blend and feature side-seamed construction, ribbed crew necks, and double-needle sleeves and bottom hem. Made to last, they are available in a range of colors and graphic designs that are sure to fit your personal style. Available only in colors pictured.

BREAD TRUCK

In the early days of Spyderco, company founders Sal and Gali Glesser traveled the country in a converted bread truck, selling our wares at fairs and trade shows. To commemorate those humble beginnings, we’ve created a special T-shirt design featuring stylized artwork of the bread truck that started it all. Heather Grey.

KNIFE ANATOMY

Edge-U-Cation® you can wear, this stylish T-shirt showcases an annotated drawing of the best-selling Native® 5 that identifies key knife terminology and components while making a bold fashion statement. Heather Green.
Sometimes simpler is better. The Spyderco logo says it all. Heather Graphite.

SPYDERCO MOUNTAIN

Inspired by Spyderco’s majestic Colorado home, this shirt design is an artistic blend of our logo and the Rocky Mountain skyline. Heather Navy.
